CH418 - Medicinal Chemistry
Guest Speaker Series

Please join us for a series of talks presented by professional scientists and researchers as we discuss how they apply the principles of medicinal chemistry in the real world. Each presentation will be given at **9:30 AM in SSC 336**. All students, faculty and staff who are interested in learning more about the business and research required to bring drugs to the market are encouraged to attend.

Date	Speaker	Topic
February 12th	Dr. Mark Suto, VP of Drug Discovery at SRI	The Business of Drug Discovery
March 10th	Dr. David Graves, Chair and Professor of Chemistry at UAB	Nucleic Acids as Drug Targets
March 26th	Dr. Whitney Moro, Research Scientist at Durect Corp.	Drug Delivery using Biodegradable Polymers
April 16th	Dr. Sadanandan Velu, Professor of Chemistry at UAB	Research and Development of Anti-cancer Drugs
April 23rd	Dr. Mark Suto, VP of Drug Discovery at SRI	Optimization of Drug Absorption, Distribution, Metabolism and Excretion (ADME).
