

CH418 - MEDICINAL CHEMISTRY GUEST SPEAKER SERIES

Please join us for a series of talks presented by professional scientists and researchers as we discuss how they apply the principles of medicinal chemistry in the real world. Each presentation will be given at **9:30 AM in SSC 336**. All students, faculty and staff who are interested in learning more about the business and research required to bring drugs to the market are encouraged to attend.

Date	Speaker	Topic
March 16 th	Dr. Mark Suto, VP of Drug Discovery at SRI	The Business of Drug Discovery
April 6 th	Dr. Philip Morris, Senior Scientist at Evonik.	Drug Delivery using Biodegradable Polymers
